The purpose of these background checks is to help minimize the opportunity of our children being exposed to an adult who has a past criminal conviction for sexual offenses or for violent behavior. This check shall be conducted by a member of the Executive Board of Directors and is *confidential*. After a check is conducted and the results are determined to be negative (no such criminal convictions) all personal data *shall be destroyed*.

In the event a background check reveals a contact for a sexual or violent offense, the individual will be contacted personally and in private by a member of the Executive Board. An interview with the individual shall be conducted and the matter will be reviewed in private by the Executive Board prior to adverse action being taken. In the event that an individual does have a criminal conviction for these types of offenses, they shall not be allowed to coach in an L.J.A.L. sanctioned sport.
